

HAUT-BAILLY • II

2022

A true reflection of the *grand vin*, Haut-Bailly • II is the result of strict selection. It has the the purity and the precision of its big brother, while offering accessibility in its young age. A model of second wine, it is also the symbol of the second generation of the Wilmers family, who are writing a new chapter for Haut-Bailly.

This "N°II" provides immediate pleasure while also offering a strong capacity for ageing. The parcels chosen for its blending give a gourmand and suave structure.

A deep colour, an expressive nose where the perfumes blend together in a harmonious whole. The attack is supple and the palate is tasty and round. Precise and elegant, it is a model of a second wine.
